ARIAT
WORK

A red forklift is the central focus of the image, positioned in a warehouse or industrial setting. The forklift is a counterbalanced model with a mast and forks. The body of the forklift is red and features the 'Linde' logo in white script. The mast is black and has some technical specifications printed on it. The background shows stacks of brown pallets and a brick wall, suggesting a busy industrial environment. The lighting is bright, likely from natural light coming from the side, creating strong shadows and highlights. A black rectangular box is overlaid on the center of the image, containing white and orange text.

ENGINEERED FOR EXTREME ENVIRONMENTS

Ariat is proud to offer an extensive line of Ariat® work boots and workwear that meet or exceed industry standards for safety, and are engineered for brute strength and active mobility in the most extreme environments.

REBAR® WORKWEAR FABRIC GUIDE

MADE TOUGH™

Constructed of a durable basket canvas, Made Tough™ is our iconic, midweight work pant material. Designed with stretch to spare, Made Tough™ allows you to climb, crouch, kneel, and crawl in comfort and confidence.

WOMEN'S MADE TOUGH™ (MT FLEX™)

The built-in flex and toughness you need to get the job done. MT Flex™ fabric provides an impeccable fit that moves with you, plus exceptional durability and stretch for comfort all workday.

TOUGHMAX™ DENIM

A first-class workwear fabric of superior strength and comfort owing to our patented ToughMax™ fibers. ToughMax™ Denim is two times more durable than 100% cotton denim of the same weight and maintains a high degree of abrasion resistance.

DURACANVAS™

An ultra-tough fabric constructed with ToughMax™ fibers for superior strength and comfort, DuraCanvas™ is two times more durable than 100% cotton canvas of the same weight and many styles feature a water-repellent finish.

REBAR® WORKWEAR FABRIC GUIDE

CORDURA®

Incredibly durable, yet surprisingly light-weight, Cordura® Ripstop fabric delivers unmatched abrasion-resistance and incredible protection against wear and tear. The Lightweight version is ~35% stronger than a 100% polyester fabric in a similar weight and the Insulated version is ~60% stronger than a 100% polyester fabric in a similar weight.

WORKMAN™ FLEECE

An unrivaled midlayer for your workday, this thick and durable 10-ounce fleece is water repellent, stain resistant, and comfortable to wear. All Workman™ midlayers are prewashed to prevent shrinkage.

WORKMAN™ JERSEY

Built to withstand the elements, this jersey ticks all the workwear boxes: VentTEK™ panels, Moisture Movement Technology™ and a stain release finish. Tough at its core, but soft and comfortable to wear, this layer is a dependable addition to your workday.

MADE TOUGH™ VENTTEK™

Cooling comfort made for the hottest workdays. Made Tough™ VentTEK™ fabric is lightweight and breathable, with built-in UPF 50 sun protection and moisture wicking to keep you dry. It's soft and easy-to-wear, yet also tough enough for any job.

ARIAT® TECHNOLOGIES AND FEATURES

360 AIRFLOW™

All-over perforated fabric delivers maximum breathability to keep you comfortable when temperatures rise.

ABRASION RESISTANT

Durable, specially woven fabrication prevents wear in high-friction areas.

CLIMATETEK™

ClimateTEK™ cooling technology automatically reacts to changes in your body, keeping you cool when things heat up and comfortable when you're at rest.

COOL CLIMATE INSULATION™

Cool Climate Insulation™ provides optimal lightweight comfort and warmth.

DRYSHIELD™

Ariat® DRYShield™ waterproof breathable construction keeps steady rain out but lets air in.

DURASTRETCH™

Elastic fibers woven into fabric for maximum flex.

FRESHTEK™

Sustainable odor-resistant finish that inhibits the growth of bacterial odors to keep you smelling fresh.

GREATER ARM MOBILITY™ (GAM™)

Ariat Greater Arm Mobility™ technology extends inseams in the garment so shirt cuffs and shirt tail do not shift during optimal range of motion.

HIDDEN PHONE POCKET

LENS CLOTH

Hidden microfiber lens cloth on shirt tail.

MOISTURE MOVEMENT TECHNOLOGY™ (MMT™)

Ariat Moisture Movement Technology™ pulls moisture to the outside of the garment so it evaporates quickly, keeping you dry and comfortable.

PRE-SHRUNK

Fabric is prewashed to prevent shrinking.

REFLECTIVE TRIM

Increases visibility for safety.

STAIN-RELEASE

Stain-repellent finish provides protection against stains, dirt and other marks. This added feature is ideal for keeping outerwear looking new and unblemished.

SUN PROTECTION FABRIC™

Provides protection from sunrays.

TOUGHMAX™

Engineered for exceptional toughness, the flexible stretch canvas is the ultimate in comfort and durability.

TRIPLE NEEDLE STITCHED

Triple needle stitched seams provide an extra level of durability and stand up to the toughest jobs.

V3® STRETCH MESH

Ariat exclusive, elasticized mesh panels, built into the styling, accommodate a full-range of motion and maximum breathability in the shoulder and upper torso.

V-BLOCK

Fabric protected with an antimicrobial finish. This product does not protect users or others against bacteria, viruses, germs, or other diseases. Always clean this product thoroughly after each use.

VENTTEK™

Ariat VentTEK™ technology features body mapping to enable air flow and regulate body temperature.

WARMTH RATINGS

Staying warm in cold weather is key for a life outdoors. The Ariat warmth rating system is designed to help navigate which jacket or vest works best when temperatures drop.

WATCH WINDOW

Watch Window for easy access while on the job.

WATER REPELLENT

WIND & WATER RESISTANT

Wind and water resistant garments employ a thin technological coating on lightweight surface fabric to block wind and protect from light rain.

WIND RESISTANT

ZIP OFF SLEEVES

ZONE-WELDED

Zone-welded insulation for performance warmth where you need it most.

PARTNER TECHNOLOGIES AND FEATURES

BLUESIGN®

The independent bluesign® standard is the response to increasing demand for textile products that are environmentally friendly, pose no health hazards, and conserve resources to the greatest possible extent. The bluesign® standard is built around five principles: resource productivity, consumer safety, air emission, water emission and occupational health and safety.

CORDURA®

CORDURA® fabric has been built to last in the toughest environments. Offering maximum durability and abrasion resistance it's engineered for proven performance.

SAFETY RATINGS, SPECIFICATIONS AND CERTIFICATIONS

ANSI COMPLIANT

ANSI

American National Standards Institute (ANSI) 107 – American National Standard for High-Visibility Safety Apparel and Accessories. The 360° reflective coverage of ANSI 107 Type R Class 3 compliant garments provides the highest Hi-Vis safety rating for work environments where visibility is of the highest importance.

*Based on independent testing

REBAR® WORK SHIRTS

BUILT TO LAST

Tough shirts that are easy to wear; Rebar® Work Shirts are built for all-day comfort and durability on the job.

REBAR® HI-VIS

Ariat® Men's Rebar Hi-Vis protects workers whose safety on the site depends on being seen. Premium reflective details and strategic color-blocking combine with performance fabrics for durability, breathability, and unrestricted range of motion. The result is a no-limits garment that's tough, sturdy, and safe without the bulk.

FEATURES

- ANSI-rated
- Segmented reflective tape for better breathability and mobility
- Abrasion-resistant fabrics
- Color blocking in high-wear areas

FR WORKWEAR FABRIC GUIDE

DURALIGHT STRETCH DENIM

Treated cotton and inherently flame-resistant fibers combine to create our lightest weight FR denim. It is 25% more breathable and 35% faster drying than 100% cotton denim of similar weight and the fabric features stretch, odor-control, and superior moisture wicking properties.

DURALIGHT CORDURA CANVAS

This midweight canvas layer features Cordura® nylon fibers that produce a fabric three times more durable than 100% cotton canvas of a similar weight. Elastane fibers are woven into the abrasion resistant fabric to yield a comfortable stretch while you work.

STRETCH DENIM

Our exclusive 13-ounce stretch denim is constructed in a technique called “ring spun” which gives the material its iconic look and durable reputation. Intricate washes and finishing details create the specialty product that Ariat® FR denim is known for.

FR WORKWEAR FABRIC GUIDE

PRIMO FLEECE

This top-of-the-line fleece features inherently flame-resistant fibers, water-repellency, and superior wind resistance and stretch. Because the fabric is inherently flame-resistant, the fleece is exceptionally warm and breathable without added weight.

STRETCH PIMA COTTON JERSEY

The ultimate in wearability, this jersey is composed of an extra-long staple cotton called “Supima” that produces a silky, luxuriously soft fabric that is notably strong and resistant to wear and tear. Moisture Movement Technology™ helps reduce heat stress in the field.

FR AIR INHERENT (DH AIR)

Superior flame-resistance that won't weigh you down. Unlike treated FR fabrics, DH Air has inherent flame-resistant fibers woven right into the fabrication. It also has an ultralight feel and high breathability for greater comfort without sacrificing protection.

SAFETY RATINGS, SPECIFICATIONS AND CERTIFICATIONS

ANSI COMPLIANT

ANSI

American National Standards Institute (ANSI) 107 – American National Standard for High-Visibility Safety Apparel and Accessories. The 360° reflective coverage of ANSI 107 Type R Class 3 compliant garments provides the highest Hi-Vis safety rating for work environments where visibility is of the highest importance.

*Based on independent testing

ASTM F1506

This American Society for Testing and Materials (ASTM) international specification covers the minimum design characteristics and performance requirements for occupational apparel worn by electrical workers exposed to momentary electric arc and related thermal hazards.

CAT RATINGS

A CAT is a rating assigned to dual hazard FR workwear that indicates the level of protection the garment provides against electrical arcs. CAT 0 represents the lowest level of rated protection and CAT 4 represents the highest level of rated protection. Most of Ariat's FR workwear falls within CAT 2 based on their ATPV ratings.

NFPA 70E

The National Fire Protection Association's (NFPA) 70E – Standard for Electrical Safety in the Workplace establishes requirements for the protection of employees from possible exposure to workplace electrical discharge hazards.

*Based on independent testing

NFPA 2112

The National Fire Protection Association's (NFPA) 2112 – Standard on Flame-Resistant Clothing for Protection of Industrial Personnel Against Short-Duration Thermal Exposures from Fire establishes the requirement for certifying garments designed to provide protection of employees from possible flash fire hazards in the workplace.

*Based on independent testing

OSHA 29 CFR 1910.26

This section of the Occupational Safety and Health Administration's (OSHA) 29 CFR 1910.269 covers the operation and maintenance of electric power generation, control, transformation, transmission, and distribution lines and equipment.

UL®

UL provides safety-related certification, validation, testing, inspection, auditing, advising and training services to a wide range of clients, including manufacturers, retailers, policymakers, regulators, service companies, and consumers.

ARIAT® TECHNOLOGIES AND FEATURES

ABRASION RESISTANT

Durable, specially woven fabrication prevents wear in high-friction areas.

COOL CLIMATE INSULATION™

Cool Climate Insulation™ provides optimal lightweight comfort and warmth.

DRYSHIELD™

Ariat® DRYShield™ waterproof breathable construction keeps steady rain out but lets air in.

DURASTRETCH™

Fabrication with just the right amount of flex for increased mobility and all-day performance.

FEATHERLIGHT FABRIC

Ultra lightweight fabric.

FRESHTEK™

Sustainable odor-resistant finish that inhibits the growth of bacterial odors to keep you smelling fresh.

GREATER ARM MOBILITY™ (GAM™)

Ariat Greater Arm Mobility™ technology extends inseams in the garment so shirt cuffs and shirt tail do not shift during optimal range of motion.

MAXMOVE™ GUSSET

360 degree flex construction.

MOISTURE MOVEMENT TECHNOLOGY™ (MMT™)

Ariat Moisture Movement Technology™ pulls moisture to the outside of the garment so it evaporates quickly, keeping you dry and comfortable.

SUN PROTECTION FABRIC™

Provides protection from sunrays.

TRIPLE NEEDLE STITCHED

Triple needle stitched seams provide an extra level of durability and stand up to the toughest jobs.

V3® STRETCH MESH

Ariat exclusive, elasticized mesh panels, built into the styling, accommodate a full-range of motion and maximum breathability in the shoulder and upper torso.

VENTTEK™

Ariat VentTEK™ technology features body mapping to enable air flow and regulate body temperature.

WARMTH RATINGS

Staying warm in cold weather is key for a life outdoors. The Ariat warmth rating system is designed to help navigate which jacket or vest works best when temperatures drop.

WATER REPELLENT

WIND & WATER RESISTANT

Wind and water resistant garments employ a thin technological coating on lightweight surface fabric to block wind and protect from light rain.

WIND RESISTANT

PARTNER TECHNOLOGIES AND FEATURES

CORDURA®

CORDURA®

CORDURA® fabric has been built to last in the toughest environments. Offering maximum durability and abrasion resistance it's engineered for proven performance.

FUZE™

Premium chemical-free odor-resistant technology that won't wash out or degrade over time to keep you smelling fresher, longer.

PrimoPROTECT

PRIMO PROTECT

Primo Protect surface treatment for increased abrasion resistance and enhanced durability.

WORK SHIRTS

These hard working shirts are built for action featuring the same great fit and distinctive Greater Arm Mobility™ technology as our western performance shirts.

FEATURES

- All shirts feature Greater Arm Mobility™ (GAM™)
- Machine washable

FR WORKWEAR FAQ

1. Who is Ariat® Flame-resistant (FR) Workwear designed for?

Ariat® FR Workwear is designed for electricians and workers in the utility, oil, gas and petrochemical fields who are at risk of exposure of electric arc flashes and flash fires, which could cause severe or fatal burn injuries. Typical candidates for FR workwear include electric linemen, pipeline and refinery workers, as well as industrial electricians.

2. How does Ariat® FR Workwear help protect against burn injury?

Through the use of flame-resistant chemicals or fabric blends, Ariat® FR Workwear is designed to self-extinguish within seconds after the source of ignition is removed, which may permit the wearer to react to an accidental exposure. It is not designed to be flame proof; it is flame-resistant.

3. Can the flame-resistant chemicals be washed out?

Provided you follow garment care instructions for Ariat® FR Workwear, reasonable laundering should not affect the flame-resistant properties of the fabric.

4. How can Ariat® FR Workwear be distinguished from traditional Ariat Workwear?

Ariat® FR Workwear is clearly identified with “Ariat FR” labels on the middle of sleeves, back necks, or on the coin pocket of denim. Product hang tags and CAT labels also help distinguish Ariat flame-resistant products.

5. What is a CAT?

A CAT is a rating for FR workwear that indicates the level of protection the garment provides. There are five CATs ranging from 0-4, with a CAT of 0 representing the least protection, and a CAT of 4 representing the most protection. The NFPA 70E consensus standard assigns these categories based on the electrical maintenance that is to be performed, and each CAT correlates to a specific range of ATPVs. For example, CAT 1 would include ATPVs equal to or greater than 4 cal/cm² but less than 8 cal/cm².

6. What is an Arc Rating?

An Arc Rating is a rating assigned to flame-resistant workwear indicating the level of protection provided. Higher-weight fabrics typically have a higher Arc Rating and provide increased protection (as does the layering of FR workwear). All Ariat® FR Workwear has the Arc Rating marked on the hang tag for easy reference.

7. Can I repair my FR workwear?

No. If you have a rip or other damage to your FR workwear, you must not use it.

8. Can I use DEET on flame-resistant workwear?

No. DEET is one of the most effective mosquito repellents on the market, but it should only be used on the skin, never on FR workwear. For the most effective mosquito and tick protection, use DEET based repellents on skin (especially on exposed skin) and use a permethrin (the active ingredient in most lice shampoos) product washed into or applied to flame-resistant workwear. These products do not add any appreciable flammability to FR workwear and therefore do not affect its flame-resistant properties. When using permethrin in a spray form, use the WATER-BASED formulas only. Propellants are almost always flammable in this application, so the powder form washed into the workwear or the WATER-BASED spray formulas is recommended.

9. Is FR workwear built for welding safety?

No, FR workwear is not designed or certified to protect against molten metal or other hazards present when welding.

FR WORKWEAR CARE INSTRUCTIONS

WARNING: Failure to launder garment properly can result in loss of flame-resistance properties.

- Ariat does not recommend dry cleaning FR garments. In some cases dry cleaning chemical residue left on the fabric could burn.
- Due to the various care instructions of different fabrics and styles we recommend following the care instructions listed inside each individual garment.
- Flame-resistant workwear should be laundered separately from the family wash to prevent cross contamination.
- Washing new garments before wearing is recommended. Wash new garments separately from other garments.
- Turn garment inside out before washing for best results.
- Machine wash using typical home laundry detergent.
- Liquid detergents or other products containing hydrogen peroxide should not be used.
- Avoid starch, fabric softener or any other laundry additives such as soil release or antistatics.
- Bleach must never be used on FR fabrics.
- Chlorine bleach (sodium hypochlorite) and oxygen bleach (hydrogen peroxide), either alone or in combination with other chemistry must never be used.

Workwear Sizing

Know your stuff?

Here's how to become an Ariat expert.

- Explore the Ariat story and TRAIN on technology of featured products.
- Play Edu-Games and earn an **EMPLOYEE PURCHASE DISCOUNT** off suggested retail.
- **POST SOCIAL CONTENT** and make **PRODUCT RECOMMENDATIONS**.
- **Build your expertise!**

Expert: A person whose passion, experience and knowledge make them a trusted source for advice and inspiration.

How do I log on?

Go to www.Expertvoice.com or download the **ExpertVoice app**. Click the Sign Up button, and follow the prompts to get your login and password. Your Member ID will be your email address, as that is an ID that is unique to you! Group code is not necessary. Once you have entered your email, first name, and last name you will continue by clicking on "Join Now".

What if my store isn't loaded into the system?

Please call 1-866-376-4685 if for some reason your store is not already in the system and the ExpertVoice team will help get you set up.

What is choosing my area of expertise?

Choosing different topics that apply to your daily life. You do not have to choose all 6 but should if there are 6 different topics that apply towards you.

Is adding an affiliation important?

ABSOLUTELY! This is the most important step in the sign-up process! Adding an affiliation is the only way to get access to brands. Your affiliation should be your current place of employment. You will search the name of the business such as Boot Barn or Cavender's. Your next step you will need to choose the correct store location. Type in the address to your location then click on "This is my location" on the map provided.
