SEASONAL STYLES

MISSING A STYLE?

Don't worry, there's a chance your missing style may be a seasonally-relevant style. These are styles that Carhartt will only support with inventory in its relevant season. For example, select shorts may only be carried in the Spring and not in the Fall without dropping. Although, the seasonal style may not be dropped during its "off" season -- the style will only carry inventory that may be left from the prior "relevant" season."

We have updated our sizing charts to more accurately reflect the body standards we build our product to fit, removing ambiguous ranges. The body standards we build product for have not changed, nor has the product. The information update will help to better navigate the Carhartt sizing systems and products. The additional body measurements given will set expectations for all consumers on how the bodies we designed the product for might vary from their own, including those wanting or needing to purchase across gender.

HOW TO MEASURE

Chest: Measure just under arms and across shoulder blades holding the tape firm and level. If your chest falls between sizes, order the next size up.

Arm Length: Measure from the center back base of the neck, over the shoulder and down the arm to the wrist bone.

Natural Waist: Bend side to side and find the natural bend in your body; this is your natural waist.

Note: It may not be the smallest point.

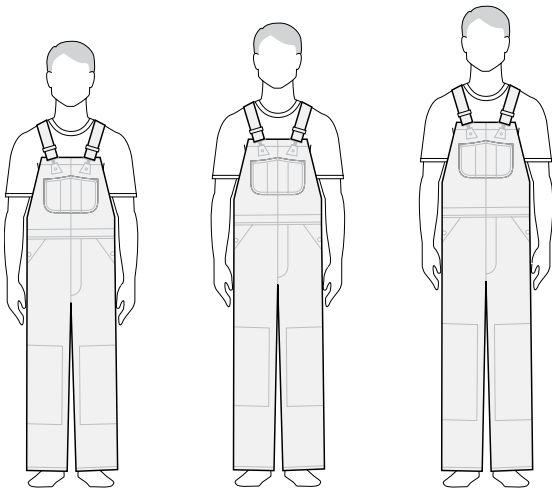

Hip/Seat: Measure the fullest point between your natural waist and crotch.

Thigh: Measure around one thigh at the widest point.

Inseam: Measure from where the leg meets the body, to the bottom of the ankle bone.

For best results, measure over your undergarments.

Carhartt’s order forms, together with these Terms and Conditions and any other documents expressly incorporated into Carhartt’s order forms, are referred to herein, and upon Resellers acceptance (as signified by submitting an order for Products), constitute the “Contract.”

Without limiting the preceding, and notwithstanding any terms or conditions on Resellers order or other writing, Carhartt’s Contract is an offer to sell Products subject to these Terms and Conditions of sale. Reseller can only accept this offer to sell by accepting, unconditionally, the express terms of the Contract, including these Terms and Conditions, which replace and amend in their entirety any terms and conditions contained on or referred to in any purchase order or other writing of the Reseller. Carhartt objects and rejects any proposal for additional or different terms or any attempt by Reseller to vary in any degree any of the terms of the Contract or these Terms and Conditions of sale, whether through issuing a purchase order or otherwise. In such case, no contract is formed, and Carhartt’s offer to sell is withdrawn.

PRICE; TAXES. Products shall be sold and invoiced at Carhartt’s prices and charges as agreed to in Carhartt’s quotation, order form, order confirmation or otherwise agreed to in writing by Carhartt and Reseller, and these prices are subject to change without notice. Prices do not include sales, excise, use or other similar taxes, or customs duties or tariffs, now in effect or hereafter levied by reason of this Contract or the transactions contemplated under this Contract, all of which shall be paid by Reseller, unless Carhartt expressly agrees otherwise. Such taxes shall be assessed by Carhartt against Reseller at the time of invoice unless Carhartt has received a valid exemption certificate or other similar evidence of exemption from taxation in a form satisfactory to Carhartt. Carhartt reserves the right to invoice such taxes at a later time if such exemption was or is asserted to be inapplicable or invalid, and Reseller agrees to indemnify and hold Carhartt harmless from and against any and all penalties, fines, or other liabilities associated with Reseller’s failure to pay taxes, duties, or other levies as required hereunder.

Reseller shall not make any unauthorized invoice deductions.

In the event of any such delay or failure to perform, Carhartt shall have such additional time within which to perform its obligations under this Contract as may reasonably be necessary under the circumstances. Carhartt reserves the right to ship orders up to 15 days in advance of the requested delivery date.

LIMITATION OF CARHARTT'S LIABILITY. Carhartt shall not be liable to Reseller for any loss of use, revenue, or anticipated profits, or for any incidental, consequential, indirect, special, contingent, exemplary, or punitive damages in connection with any breach of warranty or other breach of Carhartt's obligations under or in any way related to this contract, even if Carhartt has been advised by Reseller of that possibility and regardless of whether those damages were foreseeable.
