Lighter, Faster & Finer Cutting.
Carbide Teeth Make This the
Fastest Cutting Blade we Have.

CARBIDE TIP BRUSH BLADES

✚FORESTER✚

These blades are made for the serious pro's that have larger straight shaft brush cutters. The more teeth will give you a cleaner cut with minimal splintering. While the blades with less teeth will be more aggressive and cut faster. Did you know these can be sharpened like standard circular saw blades. Great blistered packaging with hang hole.
