

Wrangler®

ASAP 2024

Wrangler was born from the desire to combine comfort, quality, and durability to apparel that met the demanding needs of consumers.

For over 75 years, Wrangler has stayed true to this idea.

The Wrangler ASAP 2024 Catalog demonstrates the continued commitment to exceed the expectations of consumers.

Across a rich product portfolio spanning Western Wear, Workwear, Flame Resistant products, Rugged Wear, and All Terrain Gear, Wrangler delivers the versatility and style for today while remaining true to its roots of comfort, quality, and durability.

- Oversized Watch Pocket
- 13" Deep Front Pockets

Wrangler®

WORKWEAR

WRANGLER® RIGGS WORKWEAR® TECHNOLOGIES:

ADVANCED COMFORT

Moves with you. This unique fabric construction, exclusive to The Wrangler® Brand, features 4-way flex for a comfortable fit and added mobility as you work. Durable and dependable, Advanced Comfort Denim lasts two times longer.

Unmatched durability, comfort and dependability. Developed by leading fabric engineers and exclusive to Wrangler® RIGGS WORKWEAR®, DuraShield® is denim fabric made of fibers that move during wear and washing to reduce abrasion and protect the denim color.

Advanced mobility for greater productivity. Exclusive to Wrangler® RIGGS WORKWEAR®, all work jeans, pants and shorts feature gusseted crotch construction for added freedom of movement. Work shirts combine side gussets with generous relaxed fits for greater extension and flexibility.

Unbelievable strength, tear-resistance and breathability. Wrangler® RIGGS WORKWEAR® Ripstop fabric is medium-weight 10 oz. 100% cotton, the very definition of "performance fabric". A viable alternative to denim, it provides year round comfort and protection.

FREQUENTLY ASKED QUESTIONS

HOW DO I CHOOSE THE CORRECT FLAME-RESISTANT GARMENTS?

Garments are specified based on the employer's evaluation of workplace hazards. Protective garments, which function as wearing apparel for normal work activities, must be comfortable and durable while achieving appearance that is acceptable to both the employer and the wearer. In addition to these general considerations, there may be other hazards present such as chemical or molten substance exposure. Finally, these multi-use garments must be able to withstand laundering to remove soils and flammable contaminants and be returned to service without excessive color loss, fuzzing/pilling (surface appearance change) or excessive shrinkage.

WHAT IS THE EMPLOYER'S RESPONSIBILITY?

Under paragraph 5a1, the General Duty clause of the federal OSHA Act, it is the employer's responsibility to identify risks and hazards in the workplace and seek out appropriate protective garments and equipment for the protection of workers. In making this hazard assessment, the employer must consider the risks present and the most appropriate means of addressing those risks. Where ignition risks are present, flame-resistant protective apparel can become a prudent part of an action plan to address these concerns.

STAINED or SOILED GARMENT

If your flame-resistant garment becomes stained or soiled, and you cannot confirm that the contaminants have been completely removed from the garment, please be aware that the garment may be compromised.

GARMENT REPAIR and MAINTENANCE

For information regarding the repair and maintenance of flame-resistant fabrics, please see ASTM Standard F 1449 (Industrial Laundering of Flame, Thermal and Arc Resistant Clothing) and ASTM F 2757 (Guide for Home Laundering Care and Maintenance of Flame, Thermal and Arc Resistant Clothing). When making repairs to the garment, you must use materials equivalent to the original materials. If trim items such as zippers or labels need repair, they must also be repaired with materials equivalent to the original materials.

GARMENT LIFE

When laundered by recommended procedures, durable flame-resistant fabrics are guaranteed to be flame-resistant for the useful life of the garment. Garment life will vary depending on wear and laundering conditions.

PROCESSING / CLEANING

FR garments can be home laundered – follow care instructions.

Flame resistant garments can be washed with other garments but it is recommended that you sort and wash them separately to prevent contamination with other possibly flammable fibers.

It is recommended that you turn your garment inside out.

You can use your household laundry detergent but be sure it does NOT contain fabric softener or bleach. Fabric softener can coat the fabric making it no longer flame resistant. Fabric softener can also act as fuel in the event of a fire. Bleach and Hydrogen Peroxide should NEVER be used because they can break down the Flame Resistant treatment on your fabric.

Also, **NEVER** starch your garments. Starch is a propellant and propellants are almost always flammable.

“Soft” water (less than 7 grains per gallon of hardness) is required for home laundering flame resistant garments. “Hard” water can leave residue on garments that mask flame resistance.

If needed, steam or dry iron garments at the temperature indicated on care label.

Dry cleaning is optional but not recommended unless necessary to remove stains. Confirm that no starch is used in the process.

NOTES

DO NOT USE DEET on Flame Resistant Clothing.

To learn more about FR clothing appropriate for your line of work, visit OSHA.gov.

FR Standards Overview

UNITED STATES CLASSIFICATIONS

ANSI/ISEA 107 ansi.org

American National Standard on performance, classification, and selection of high-visibility safety apparel (HVSA).

ANSI/ISEA 107 sets forth requirements for high-visibility garments to help ensure workers in a range of industries are easily seen during the day, at night, and in low lighting. Additionally, this standard guides workers in choosing the appropriate personal protection equipment (PPE) for their specific work environments and activities, requiring that garments be classified as type O (off-road), type R (roadway and temporary traffic control), or type P (public safety activities). If not FR, the garment is clearly labeled with “This garment is not flame-resistant as defined by ANSI/ISEA 107 Section 10.5.”

ASTM standards.ieee.org

ASTM F1506

The American Society for Testing and Materials (ASTM) international specification outlines the minimum design characteristics and performance requirements for occupational apparel worn by electric utility line workers and others exposed to momentary electric arc flash and related thermal hazards, such as exposure to open flame and radiant heat.

CAT RATINGS

Category (CAT) requirement is a rating assigned to dual-hazard FR workwear that indicates the level of protection a garment provides wearers against injury in the event of an arc flash. CAT 0 represents the lowest level of rated protection while CAT 4 represents the highest level of rated protection. Most of Wrangler's FR workwear falls within CAT 2 based on arc thermal protective value (ATPV) ratings.

NESC standards.ieee.org

National Electrical Safety Code

The National Electrical Safety Code® (NESC) provides guidance on safeguarding employees installing, operating, and maintaining electric power and communication utility systems that supply residential, commercial, and industrial buildings. This standard protects workers from arc flash exposure by requiring employers to perform hazard risk analyses for employees that work on or near energized parts or equipment. If the incident energy is greater than 2 cal/cm², Arc Rated (AR) PPE is required.

NFPA 2112 nfpa.org/2112

2112

A National Fire Protection Association (NFPA) standard on FR clothing to help protect industrial personnel against short-duration thermal exposures from fire. Essential for manufacturers and certifying agencies, this standard specifies performance requirements and test methods for FR fabrics and garments to better prevent flash fire exposure and injury.

NFPA 2113 nfpa.org/2113

A National Fire Protection Association (NFPA) standard on the proper selection, care, use, and maintenance requirements of FR garments to help protect industrial personnel against short-duration thermal exposures from fire. Developed primarily for garment end users to reduce health and safety risks, as well as contamination and damage of FR garments. This standard specifies the selection, care, use, and maintenance requirements for such garments that are compliant with NFPA® 2112: Standard on Flame-Resistant Garments for Protection of Industrial Personnel Against Flash Fire.

NFPA 70E nfpa.org/70e

Standard for Electrical Safety in the Workplace®.

Originally developed at OSHA's request, NFPA 70E® states requirements for safe work practices to protect personnel by minimizing exposure to major electrical hazards. NFPA 70E also assists companies and employees in avoiding potential workplace injuries and fatalities due to shock, electrocution, arc flash, or arc blast, as well as complying with OSHA 1910 Subpart S and OSHA 1926 Subpart K.

OSHA osha.gov

OSHA 29 CFR 1910.26

This section of the Occupational Safety and Health Administration's (OSHA) 29 CFR 1910.269 covers the operation and maintenance of electric power generation, control, transformation, transmission, distribution lines, and equipment.

UL® ulse.org

Underwriters' Laboratories® (UL) develops safety-related certification, validation, testing, inspection, auditing, advising, and training services to a wide range of clients, including manufacturers, policymakers, regulators, retailers, service companies, and consumers. Wrangler® utilizes UL Solutions to ensure compliance with the NFPA 2112 standard.

Customer Service
Wrangler.cs@kontoorbrands.com

E.D.I.

For information on establishing an authorized Electronic Data Interchange (E.D.I.) Relationship, Contact your Sales Representative, or Wrangler Customer Service at 1.800.888.8010.

CRIS/R.E.D.I

For pre-approved, authorized dealers, Wrangler® makes an inexpensive, hand-held computer available under our new Cloud Replenishment Inventory and Sales systems (CRIS), This will be replacing our existing (R.E.D.I.) program and equipment.

For more information:

Call: 1.800.337.7334

Email: helpmecris@kontoorbrands.com

Fax: 1.800.344.4907

Contact your Wrangler® sales representative for more information on any of these programs.

Co-Op Advertising

Wrangler supports local advertising of Wrangler® products with an attractive Co-Op Plan. Please contact your Wrangler® Sales Representative or refer to the current Wrangler® Plan on our website, Traders Pass, at traderspass.com.

Selling Terms

1. Receipt of the acknowledgment by the buyer shall constitute an acceptance of prices, terms and conditions of sale.
2. All orders are subject to acceptance and confirmation by our general offices in Greensboro, North Carolina.
3. Deliveries against orders are subject to credit approval at time of shipment.
4. The seller reserves the right to cancel, make reasonable substitution, or back order any portion of order. Freight on back orders will be buyer's expense.
5. No anticipation allowed. Terms are net 30 days from date of shipment. F.O.B. shipping point with title passing to buyer upon delivery to carrier. The seller reserves the right to ship the order from any of its shipping points without any allowances for equalization of freight.
6. Prices on the unshipped portion of any order are subject to any cost increases caused by federal legislation at the time legislation becomes effective.
7. Prices are subject to change or withdrawal without notice.
8. Claims for shipment on merchandise lost or damaged in transit are to be filed against the carrier by the buyer.
9. An order cannot be canceled in whole or in part after 20 days beyond the "entered date" found on your acknowledgment.

Toll-Free Order Number

We maintain a special toll-free telephone number for placing orders and obtaining delivery or pricing information. Someone is always there to help you during normal business hours.

Call 1.800.888.8010 or Fax 1.800.283.3113
(Calls may be monitored for quality assurance.)

Toll-Free Consumer Relations Number

Call 1.888.784.8571 Monday–Friday, 8 am to 6pm EST. Consumers may also contact us by email at wranglerweb@kontoorbrands.com.

Product Warranty

Every Wrangler® product carries a one-year warranty, which covers actual defects in materials or workmanship. Consumer satisfaction is a key element in the successful marketing of Wrangler® merchandise at retail.

Return Goods Policy

Only authorized returns will be accepted by our shipping locations. In the event you find it necessary to request permission to return goods, authorization must be obtained from:

Product Warranty

P.O. Box 21488

Greensboro, North Carolina 27420

- Request for return goods must be made within 30 days from date of shipment.
- Authorization for return will not be made on merchandise shipped more than 30 days prior to the request for return.
- Correspondence pertaining to return goods should furnish the invoice number, reason for request for return, and other sufficient information so that immediate consideration can be given for use on the returned merchandise. Only returns with this label will be accepted at our shipping locations.
- Any merchandise returned after proper authorization must be received at our plants in at least as good condition as when originally shipped. Our receiving plants will have the authority to judge on this matter and to recommend adjustments in credits if such be deemed appropriate. Defectives from Retail Account should be shipped to:

Distribution Center

12173 Rojas Drive, P.O. Box 909
El Paso, TX, 79936

- Small parcel post returns of defective merchandise from consumers are excepted from this policy and may be sent without authorization to:

Wrangler® Quality Control Department

1421 South Elm/Eugene Street,
Greensboro, North Carolina 27406

- Your cooperation with this policy will be greatly appreciated and will help us provide prompt and efficient service.

Our hours of operation are Monday–Friday 8 am to 5 pm EST
